Coalition for Migrant Workers Rights Canada

Greetings,

Unifor Local 780G joins our Sisters and Brothers of the Coalition for Migrant Workers Rights Canada in the call to end the systematic discrimination the federal government has imposed on foreign workers.

We call on our newly elected Prime Minister, Justin Trudeau to take action and change the Temporary Foreign Worker Program and its harmful discriminatory practices that have been in place for the past ten shameful years under the Conservative government.

People working in our country deserve and have the right to be treated with fairness, dignity and respect regardless of where they are from or how they gained employment. The Temporary Foreign Worker Program does not reflect these basic rights and it urgently needs to be reformed.

Unifor Local 780G supports the call for change and stands with the Coalition in their efforts to bring change to realization.

In Solidarity,
