

# Bill C-2: PM Carney Is Threatening Your Privacy & Immigrants

Prime Minister Carney's first bill gives the government the power to read your emails, and deny migrants and refugees safety.

## What Bill C-2 does to you

### Mass Surveillance Without Warrants

- Allows police to demand your online data
- Puts your emails, messages & browsing history at risk
- Permits Canada Post to open your mail

### Forced Company Spying

- Tells tech firms to monitor & hand over your data on demand
- Gives companies immunity for violating privacy
- Removes oversight of ministerial orders

## What Bill C-2 does to Migrants

### Mass Document Cancellations

- Cancels work permits, study visas—even permanent-resident cards
- Separates families overnight without warning
- Leaves migrants stranded with no legal options

### Asylum Ban

- Blocks refugee claims after just 1 year in Canada
- Expands the 'Safe Third Country Agreement' trapping people in the US
- Stops due process even if your home country becomes unsafe

# This is Trump's Agenda in Canada - We Must Stop It!

Prime Minister Carney said he was different from Trump. But what do his actions say?

## Bill C-2 Gives the US & Other Countries Access to Your Data

- Prepares Canada to share YOUR personal information with U.S. authorities
- American and other foreign police could access Canadian data
- Remember: Constitutional rights mean nothing to foreign governments

## Carney is Scapegoating Migrants for Political Points

- Bill C-2 fuels racism and xenophobia
- Already 1.2 million people are being forced to leave Canada in 2025
- Migrants are our communities, they deserve the right to stay permanently and with dignity

# Stop Bill C-2

Bill C-2 was just introduced in Parliament - it's NOT LAW YET!

If YOU act NOW, we can force Carney to WITHDRAW this dangerous bill.
